That's the kind of person that's worth sticking with." – **Mac MacGuff – Juno**
- ♥ "When you realize you want to spend the rest of your life with somebody, you want the rest of your life to start as soon as possible."

- ♥ "People call these things imperfections, but they're not. Ah, that's the good stuff. Then we get to choose who we let into our weird little worlds. You're not a perfect sport, and let me save you the suspense. This girl you met? She isn't perfect either. But the question is whether or not you're perfect for each other. That's the whole deal. That's what intimacy is all about."  
- **Dr. Sean Maguire, Good Will Hunting**
- ♥ "I know it's a cornball thing, but love is passion. Obsession. Someone you can't live without. I say fall head over heels. Find someone you can love like crazy, and who'll love you the same way back. How do you find 'em? Well, you forget your head and you listen to your heart."  
- **William Parrish, Meet Joe Black**
- ♥ "Husbands are like wine; they take a long time to mature."

I'm not afraid to hurt your feelings. You have, like, a two second rebound rate, then you're back doing the next pain-in-the-ass thing."  
- **Noah, The Notebook**

- ♥ Monica: For so long I wondered if I would ever find my prince, my soulmate. Then three years ago, at another wedding, I turned to a friend for comfort. And instead, I found everything that I had been looking for my whole life. And now here we are, with our future before us, and I only want to spend it with you, my prince, my soulmate, my friend. Unless you don't want to. You go.

Chandler: I thought this was going to be the most difficult thing I had to do. But when I saw you walking down the aisle, I realised how simple it was. I love you. You are the person I was meant to spend the rest of my life with.

**Friends, Monica and Chandler**

- ♥ Marshall: There are a million reasons why I love you. You make me laugh and you take care of me when I'm sick. You're sweet, caring, and you even created an egg dish and named it after me... but the main reason that I love you is that you're my best friend. You're the best friend I ever had.

Lily: I love you because you're funny and you make me feel loved and you make me feel safe. For our anniversary you gave me a sweatshirt that says "Lily and Marshall: Rockin it since 96" but the main reason I love you is you make me happy. You make me happy all the time  
Marshall and Lily - **How I met your Mother**

- ♥ To love each other, even when we hate each other. No running – ever. Nobody walks out no matter what happens. Take care of each other when old, senile, smelly. This is forever – **Meredith and Derek – Grey's Anatomy**
- ♥ I love you. Very simple, very truly. You're the epitome of every attribute and quality I've ever looked for in another person. I can't stand next to you without wanting to hold you. I can't look into your eyes without feeling that longing only you read about in trashy romance novels. I can't talk to you without wanting to express my love for everything you are. I've never felt this before and I like who I am because of it. There isn't another soul on this planet who's ever made me half the person I am when I'm with you. I'm forever changed because of who you are and what you've meant to me – **Chasing Amy**
- ♥ Poets often describe love as an emotion that we can't control, one that overwhelms logic and common sense. That's what it's like for me. I didn't plan on falling in love with you, and I doubt that you planned on falling in love with me. But once we met, it was clear that neither of us could control what was happening to us. We fell in love, despite our differences, and once we did, something rare and beautiful was created. For me, love like that has happened only once, and that's why every minute we spent together has been seared in my memory. I'll never forget a single moment of it – **The Notebook**
- ♥ We are made of particles that have existed since the moment the universe began. I like to think those atoms travelled 14 billion years through time and space to create us so that we could be together and make each other whole – **Leonard, Big Bang Theory**
- ♥ The only way you can beat my crazy was by doing something crazy yourself. Thank you. I love you. I knew it the minute I met you. I'm sorry it took so long for me to catch up. I just got stuck – **Silver Linings Playbook**
- ♥ "My heart, it feels like my chest can barely contain it. Like it doesn't belong to me anymore. It belongs to you. And if you wanted it, I'd wish for nothing in exchange. No gifts. No goods. No demonstrations of devotion. Nothing but knowing you loved me too. Just your heart, in exchange for mine – **Stardust**
- ♥ "My dearest friend, if you don't mind, I'd like to join you by your side. Where we can gaze into the stars, and sit together, now and forever. For it is plain as anyone can see, we're simply meant to be." – **Jack Skellington – Nightmare Before Christmas**
- ♥ "It's a party, and you're both talking to other people, and you're laughing and shining, and you look across the room and catch each other's eyes ... because

that is your person in this life ... it's this secret world that exists right there in public, unnoticed, that no one else knows about." - **Frances Halladay**

- ♥ Love requires sacrifice, but it's worth it. Always – **The Longest Ride**
- ♥ "I'm in love with you, and I'm not in the business of denying myself the simple pleasure of saying true things. I'm in love with you, and I know that love is just a shout into the void, and that oblivion is inevitable, and that we're all doomed and that there will come a day when all our labour has been returned to dust, and I know the sun will swallow the only earth we'll ever have, and I am in love with you."  
-**The Fault in Our Stars**
- ♥ I heard something very wise tonight. Life is unpredictable. Not everything is in our control. But as long as we're with the right people, we can handle anything – **Capitan Holt, Brooklyn 99**
- ♥ Today has been a crazy day. But I shouldn't be surprised, because we've had a lot of crazy days. There was our first date, our first kiss, the first time you told me you loved me, and the day you told me you would marry me. Also, yesterday, and the day before that, and the day before that, because every single day that I get to be with someone as amazing as you is crazy to me. I love you. And I'm worried about dancing in front of our friends. The end. – **Jake Perolta – Brooklyn 99**

- ♥ I've been planning this wedding for the last six months. And if you told me yesterday everything that was gonna go wrong, I would have had a panic attack that sent me into the ER. But I'm here, and I've never been happier. Life is unpredictable. Not everything's in our control. But as long as you're with the right people, you can handle anything. And you, Jake Peralta, are the right person for me. But I do have some bad news. There is a bomb at this wedding as well.

Jake: What?

Amy: Your butt. Your butt is the bomb. There will be no survivors. – **Amy – Brooklyn 99**

- ♥ I wanna make you smile whenever you're sad, carry you around when your arthritis is bad, all I wanna do is grow old with you. I'll get your medicine when your tummy aches, build you a fire if the furnace breaks, oh it could be so nice, growing old with you. I'll miss you, kiss you, give you my coat when you are cold. Need you, feed you, even let you hold the remote control. So let me do the dishes in our kitchen sink, put you to bed when you've had too much to drink, oh I could be the man (woman) who grows old with you, I wanna grow old with you. – **The Wedding Singer**

- ♥ You are the love of my life. I choo-choo-choose you – **The Simpsons**

- ♥ Let us step into the night and pursue that flighty temptress, adventure. Differences of habit and language are nothing at all if our aims are identical and our hearts are open. Always. – Harry Potter  
If ever there is tomorrow when we're not together  
There is something you must always remember  
You are braver than you believe, strong than you seem and smarter than you think.  
But the most important thing is, even if we're apart  
I'll always be with you. – **A.A Milne, Winnie the Pooh**

- ♥ When I say, 'I love you', it's not because I want you or because I can't have you. It has nothing to do with me. I love what you are, what you do, how you try. I've seen your kindness and your strength. I've seen the best and the worst of you. And I understand with perfect clarity exactly what you are. You're a hell of a woman/man. You're the one. – **Buffy the Vampire Slayer**

- ♥ I promise to protect you from carbon freezing and promise to protect you from the Dark Side, through hyperspace and into the far reaches of the galaxy. – **Star Wars inspired**

- ♥ Marriage is what brings us together today. Marriage, that blessed arrangement, that dream within a dream... And love, true love, will follow you forever... So treasure your love.—  
I will translate if you have not seen the movie; Marriage is what brings us together today. Marriage that blessed arrangement, that dream within a dream... And love, true love, will follow you forever... So, treasure your love.—  
**The Princess Bride**
- ♥ Remember tonight, for it is the beginning of always. A promise. Like a reward for persisting through life so long alone. A belief in each other and the possibility of love. A decision to ignore, simply rise above the pain of the past. A covenant, which at once binds two souls and yet severs prior ties. A celebration of the chance taken and the challenge that lies ahead. For two will always be stronger than one, like a team braced against the tempest civil world. And love will always be the guiding force in our lives. For tonight is a mere formality. Only an announcement to the world of feelings long held. Promises made long ago. In the sacred spaces of our hearts. – **Dante Alighieri**
- ♥ I no longer believed in the idea of soul mates, or love at first sight. But I was beginning to believe that a very few times in your life, if you were lucky, you might meet someone who was exactly right for you. Not because he was perfect, or because you were, but because your combined flaws were arranged in a way that allowed two separate beings to hinge together. – **Blue Eyed Devil – Lisa Kleypas**
- ♥ People are like cities: We all have alleys and gardens and secret rooftops and places where daisies sprout between the sidewalk cracks, but most of the time all we let each other see is a postcard glimpse of a skyline or a polished square. Love lets you find those hidden places in another person, even the ones they didn't know were there, even the ones they wouldn't have thought to call beautiful themselves. – **Wild Awake – Hilary T Smith**
- ♥ Gravitation cannot be held responsible for people falling in love. How on earth can you explain in terms of chemistry and physics so important a biological phenomenon as first love? Put your hand on a stove for a minute and it seems like an hour. Sit with that special girl for an hour and it seems like a minute. That's relativity. – **Albert Einstein**
- ♥ A good marriage must be created.  
In the marriage, the little things are the big things.  
It is never being too old to hold hands.  
It is remembering to say "I love you" at least once each day,  
It is never going to sleep angry.  
It is having a mutual sense of values and objectives.  
It is standing together and facing the world.

It is forming a circle of love that gathers in the whole family.  
It is speaking words of appreciation and demonstrating gratitude in thoughtful ways.  
It is having the capacity to forgive and forget.  
It is giving each other an atmosphere in which each person can grow.  
It is a common search for the good and the beautiful.  
It is not only marrying the right person  
It is being the right partner. - **The Art of Marriage – Wilfred A Peterson**
